2,

The Chief Secretary to the Dewan
of Mysore.

Sir,

I have the honor to state that the Amildar of Sorab reports that the occupied Kans are generally in a better condition than the unoccupied ones in his Taluq.

2 The occupants keep their Kans in order, and take steps from time to time to improve the growth of pepper, vine, Betel etc in furtherence of their own interests. They clear the undergrowth and weeds and prevent damage by wild animals and stray cattle as far as possible and this conduces to the better growth of the Kans in private occupancy.

3. The Government unoccupied Kans on the other hand are quite unprotected and

no improvement could ever be effected in them, there being no Zoki or Talaiyari exist in Kuala to take any care of the Kans in question.

4. The total assessment on the unoccupied Kans amounts to Rs 1919 on 16568 acres while sale proceeds of the usual Forest produce in 1888-89 did not exceed Rs 259.

5 The occupied Kans measure 1643 2 acres and bear an assessment of Rs 1950.

6. The Huildar recommends that in the interest of the Government the unoccupied Kans may be given out under the rules relating to the occupied ones to the applicants as it is difficult to work them by a special agency; 11 applications being already received for 2104 acres with an assessment of Rs. 430-

7. The Kuarmamlatdar S.C., the former deputy Commissioner of this District, ordered the case to be recommended to Government under date 23d February last, as may be seen from his Shara on the Huildar's Report No. 1137 of the 20th June.

+ herewith sent

8. Though there is some weight in the Builder's remarks speaking generally, I cannot with due respect to the opinion of my predecessor recommend the proposal, before it is actually found out by a fair trial that the Government unoccupied Kano cannot with due advantage be worked through a Special Revenue or Forest agency—

9. All that is needed is to protect these ever green forests against mischief either by men or animals and to take steps to improve the growth of the Kano in general and the forest produce they yield in particular

10 The measures to be taken at least experimentally may easily be decided on, in consultation with the forest department.

11. At present under Govt Orders: Nos 3231/484 of the 31st January 1879 the leaving out of the Government Kano is forbidden. I have the honor to be Sir, Your most obedient Servt

Abdul Rahman
Deputy Commissioner
Shimoga district
